

Mary MacKillop College

what happens when a common student space is transformed.

furnware®

An improvement to South Gippsland's Mary MacKillop College campus included two additional classrooms and an upgrade for the YR12 common room. School Business Manager Rod Bowman enthuses, "we love" the shared student space, a sentiment also echoed by the students themselves.

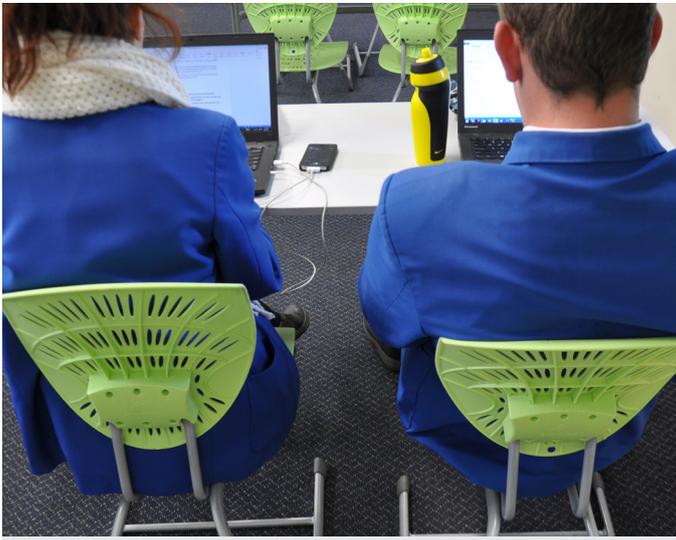

Mary MacKillop College seized the opportunity to select exciting modern furnishing choices as they expanded their existing blueprint. The school saw the benefits implementing a more flexible furniture solution in their space explains Rod,

that would lend itself to a modern pedagogy and culture.

The common room has proved to be a huge hit with the students who are "thrilled" with their new space. The popular meeting place has been designed with a mix of chairs and hard surfaces for working on, sitting alongside a selection of soft furniture that's perfect for lounging. "The common room has been transformed", says Rod, "we can also move the furniture around creating neat colour combinations". Dubbed "our space" by the students themselves, the common room reflects student choice, independence and camaraderie.

Different colour chairs in each classroom help identify where they belong.

These students really do find the Bodyfurn® Chairs comfortable.

Colourful Ottomans and Akiako Splats provide comfortable seating options and add colour to the space.

“the common room has been transformed.”

Rod Bowman - Business Manager at Mary MacKillop College

A clever system of colour coding chairs by classroom has proven to be very useful.

Break time should be about catching up with friends (in comfort).
