

switch table system™

Modular magic for dynamic learning.

furnware®

switch table system™

Switch gives you complete modular magic for dynamic learning – one table system, multiple settings, easy to move and built to last.

With five interchangeable shapes and sizes you can go from individual, focused learning to paired, small and large group settings, all in the blink of an eye. Students love the ease of control, interlocking tables together like pieces in a puzzle.

From small, single cell classrooms to large, open environments, Switch makes every space more relevant to the moment and the need, encouraging greater student involvement in the way they learn.

features.

- Environmental Choice NZ certified
- controlled movement with front swivel castors
- 600mm sides on all five tables for unlimited flexibility
- corner profile designed for protecting small hands
- available in three heights
- option:
 - whiteboard top
